

# SS4000 ROTARY SWEEPER

Easily vary your travel speed and direction with unique multifunction controls

## Introducing the powerful SS-4000 sweeping machine from SnowEx ...

Compact in size but large in performance and power, the SS-4000 is built to last and tough enough to handle long distances and large surfaces in extreme weather conditions.

Drive features 3 forward and 1 reverse gear

Infinitely adjustable brush speed control

Active assisted steering

Durable Honda 160cc engine

Adjustable brush pressure

Durable elastic brush cover reinforced with steel substructure

7-position height adjustment

Anit-corrosive 3-coat paint finish

Polar Trec drive wheels for traction in harsh conditions

Durable pneumatic support wheel

Floating pivotal broom head

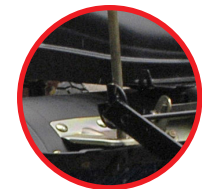

Large 16" diameter bristles

Clean up? ... No problem. With the optional debris collector box (DCB-020), cleanup & waste disposal is easy

5 adjustable brush settings for wind-row angled sweep

Easy on/off blade attachment\* fastens securely to unique pin mounting system

\*Standard equipment.

# SS4000 ROTARY SWEEPER

## The SnowEx Advantage

### Productivity

- With brush powered at midpoint, unit cleans against walls and curbs
- Locking differential feature steadies wheels for straight pathing
- Easy-attach snow blade offers dual sweeping/plowing capability
- Optional debris collector box for clean up/waste disposal

### Operation

- Easily adjust the brush angle and brush speed from the steering position
- 360° turnability

### Maintenance

- Convenient folding frame for storability
- Wheels can be easily removed without a tool

### Quality

- Stable steel wheels, Polar Trec tires and a pneumatic support wheel keep you in control
- Rust inhibitive high quality 3-coat paint finish and yellow chromated hardware maintain finish

## SPECIFICATIONS

### DIMENSIONS

Weight (Unit)	238 lbs (108 kg)
Length Unit	71.65" (1812 cm)
Unit including snow blade Unit including optional debris collector box	80" (203.2 cm) 92" (233.7 cm)
Width	39.37" (100 cm)
Height Distance to motor Distance to adjustable handlebars	29.5" (74.9 cm) 35" low (88.9 cm) 42.5" high (108 cm)
Wheelbase	14" (35.5 cm)

### OPERATIONAL

Brushing width	39.4" (100 cm)
Brush diameter	15.75" (40 cm)
Plowing width	40" (101.6 cm)
Speed Forward (3 gears) Backward	1.55 mph to 2.86 mph (2.5km/h to 4.6 km/h) 2.05 mph (3.3 km/h)

### Wheels

Engine Fuel Capacity Oil Capacity	Polar Trec drive wheels, pneumatic support wheel Honda™ GXV Series 160 cc 1.5 U.S. quarts (.7 liters) fuel tank .69 qt (1.4 liters)
---	--

### CONSTRUCTION

Frame	Anti-corrosive 3-coat paint finish
-------	------------------------------------

### STANDARD EQUIPMENT

Snow blade	
Warranty	2-Year
